

Tariffs for Specific Port Utilities and Services

1. Tariff for water supply – € 5.00/t – is applied differently for water supply directly from the quay or from water lighter (barge). Water supply service is charged in compliance with the voucher confirmed by the vessel / agent. This service is performed by Port Service Branch within the Administration. When water is supplied from water lighter or barge (in the roads or port basin) the minimum supplied quantity being 30 tons, a tariff for the barge service is also to be applied (negotiable). This service will be performed by the Technical Vessels Branch within the Administration.

2 . Tariff for power supply – € 0.30/Kwh – is applied per quantity of electric power consumed (expressed in kwh) on basis of power consumption voucher / minutes confirmed by the vessel or agent. This service is performed by the Energy-Ressupplying Branch within the Administration.

3. Vessels identified to have polluted the port basin with petroleum residues/wastes shall pay for the de-pollution service on basis of a cost estimate worked out by the **Administration** and approved by Harbour Master.

4. During the port call of vessels, the **Administration** provides collection of residues (petroleum residues, bilge and used water) free of charge by means of specialized vessels, with the exceptions provided in Chapter III, Article 25, paragraph 2 from the Operational Rules for the Romanian Maritime Ports, which tariff rate is of **€ 8.00/t**.

In order to have the residues taken under right conditions, the vessels should comply with the following requirements:

- the maximum quantity of residues free of charge is 15 t;
- delivery minimum rate is 5 t/hour;
- the residues are accepted in compliance with international standard;
- the residues must be delivered at environment temperature;
- unfounded solicitations are charged with the vessel's tariff/hour that is taking over the residues.

For any other operations requested by the ship / ship owner, **the Agent** will address to the **Administration** .
